STATEMENT OF BACK TAXES

Report of old taxes given to Ellery McGowan for collection on March 28, 1921.

1917-1918 amount	\$3116.64
------------------	-----------

By Treasurer's receipt	\$172.37
------------------------	----------

We find receipts held by tax payers	564.42
--	--------

We consider, under the circumstances, that this collector should be employed for another year, as he has sued several of these taxpayers and must have more time in order to settle.

AUDITOR'S REPORT

Having examined the Town Records for the municipal year of 1921-1922, and compared town orders drawn and vouchers furnished, I find they agree with the statement herein reported.

P. R. WINSLOW

Auditor.

Ashland, Maine, March 11, 1922.

Health Officer's Report

REPORT OF LOCAL HEALTH OFFICER

To the Selectmen:-

Your local Health Officer begs to submit his report for 1921-1922.

Health conditions have been good and save for some thirty cases of measles in March, 1921, there has been no epidemic of any great number of contagious diseases during the year. There have been reported five cases of chicken pox, one of German measles, four of typhoid fever, three of scarlet fever and two of lobar pneumonia during the year.

In June, 1921, at the request of the State health commissioner a survey of the town was made in which the number of wells, private water systems, cess pools and bath rooms were reported. Also the sanitary condition of our school buildings, together with the type of heating, ventilating and sewerage systems used in each were included in this. The amount of money appropriated for schools and the attendance in 1911 and in 1921 were reported and compared. The number of milk dealers in the town and the conditions under which they handled the milk were reported. The sources of our meat supply and the condition of our slaughter houses also reported for the use of the State department of health.

Several public talks on health matters have been given during the year. In May last, the district health officer gave an illustrated talk at Sheridan and in this village. In October, Dr. G. H. Coombs, of the United States Public Health Service gave six talks in town, three of them illustrated with motion pictures. In November, Miss Myra V. Parker, Scientific Assistant in Dr. Coombs' office, gave an illustrated talk to the women of the town and also addressed the girls at the High School on health. It is hoped that we may have many more of such talks during the coming year.

Your health officer has cared for all cases of illness, occurring among the poor, who were being helped by the town, totalling some twenty-five calls in all. He has also had one insane case committed to the State Hospital at Bangor.

At the request of the various teachers many of the schools have been visited several times to examine suspicious cases of skin disease and other affections in order to exclude from school any who might be a menace to the health of the others. This action on the part of our teachers can not be too highly commended for they are our first line of defense in detecting and controlling diseases in our schools.

In conjunction with the district health officer the dairy barn and appliances for caring for the milk at the farm of A. H. Walker have been inspected several times. Things were found in a cleanly and sanitary condition at these visits. We have also inspected the slaughter houses and markets of the town several times and conditions have been much improved as a result. Our dealers deserve credit for the cheerful spirit of co-operation shown in com-

plying with the law. Once during the summer, A. M. G. Soule, of the State Department of Agriculture visited the slaughter houses with your health officer and made suggestions concerning them; especially the keeping of swine not nearer than one hundred feet to a slaughter house, in accordance with the law. This condition was remedied.

At various times the several lunch rooms have been inspected and the hotel kitchen and suggestions made for the more sanitary handling and preparation of food. Two officials from Augusta have also assisted in this part of the work.

Many complaints of unsanitary conditions have been received and each one given personal attention. As a result the carcasses of several dead animals have been buried. The carcass of a cow was removed from the river and buried. We would call the attention of our citizens to the statutes which provide heavy penalties for the leaving of dead animals unburied or dumping them or any waste matter into brooks or streams used by man or domestic animals for drinking purposes. The penalty for this last is "a fine not to exceed \$5000.00 or imprisonment for any term of years."

Some have offended by making a dumping ground of our highways. These complaints have been investigated and the guilty parties made to remove it at their own expense.

There have been several complaints of unsanitary cesspools, sink spouts and privies. We are glad to say that in every instance the property owner has cheerfully remedied matters.

At the request of the state health officials the record of vital statistics in the Town Clerk's office have been inspected and checked up from time to time.

With the exception of one, all the schools have been inspected and the children given a medical examination. The district health officer has given generously of his time to assist in this work. Four hundred seventy-four children have been weighed, measured, had their mouths and throats and hearts examined and their eyes and ears tested. Speaking in general terms our school children are a healthy group of boys and girls. It was noted that the skin and scalp conditions of the children was much improved over that of last year, due, no doubt, to the splendid work our teachers are doing in this line.

However, four defects stand out prominently and are far too many in number. We refer to underweight, practically one half being in this group; as many more have diseased tonsils and over one hundred have eyes and teeth urgently in need of attention. Among the most common causes of underweight or malnutrition are diseased teeth and tonsils and eyes with half or less vision. In the accompanying table you will note that the number of children who are underweight or have diseased tonsils are practically the same, 235 and 237 respectively. This is significant and a thing that should be given thoughtful attention by every parent. During the summer of 1921, your physicians removed more than forty pairs of diseased tonsils. The examination disclosed the fact that nearly every one of these children had gained in weight since the operation. Your teachers inform us, that in every instance, where tonsils have been removed there has been a marked improvement in the school work of the child. It has paid.

We may be pardoned for putting such stress upon underweight. If one will stop to think that the ma-

jority of our cases of pulmonary tuberculosis, consumption, occurring between the ages of 20 and 25 are in persons who were underweight as children. We cannot succeed in our fight against the "White Plague" until these children are brought up to normal weight. Some of our teachers are now weighing the children every month and giving them talks on how to increase their weight. Already their efforts are bearing fruit.

Also we would call your attention to the large number of children who are unvaccinated. Small pox is on the increase in the United States and unless more attention is paid to vaccination, the time is not far distant when the disease will ravage as it did in years gone by. One of our states had an increase of over 2000 per cent in the number of its small pox cases from 1915 to 1919; all because of a laxness in vaccinating.

The total defects in 474 children were 868, being about 33 percent less than the average number per child in our country.

The sanitary condition of our school buildings and grounds is good. The Central building is badly overcrowded and has some defect in its ventilating system. This is reflected in the health conditions of its pupils.

In closing this report some suggestions as to the future may not be amiss. Scales should be provided in our schools, that monthly weight records may be made and kept. With so many cases of eye defects and some in children whose parents can ill afford to provide glasses we would suggest the raising of money in our miscellaneous account to be used to give these children the services of a competent oculist. This is already being done in many of the

larger communities, so is nothing new. We should have a town ordinance compelling all who sell milk to have a tuberculin test made of their cows. This can be had, free of all expense, if owners will communicate with health officer and a sufficient number can be obtained so that the department of agriculture will send a veterinary here to do the work. In May, of each year, a town "Clean-up Week" is suggested, when all property owners will clean up about their premises and the refuse be carted to the public dumping ground at public expense. Another important matter and almost a necessity is the employing by the town of a school nurse, who will visit each school at regular intervals, giving instruction in health matters and interview the parents and im-

press upon them the importance of having defects in their children remedied.

May we ask that our roadways not be used as a dumping ground this spring. Our state officials are determined to put a stop to this practice and prosecutions will surely follow if it is persisted in.

We wish to take this opportunity to express our appreciation of the help and co-operation of the other town officers and the citizens in carrying on the year's work for a better, healthier Ashland.

Respectfully submitted,

PERCY E. GILBERT, M. D.

Local Health Officer.

ANNUAL REPORT OF THE BOARD OF EDUCATION

of the

TOWN OF ASHLAND

For the year ending March 4, 1922

Ashland Superintending School Committee

N. C. Howe, Chairman	Term Expires 1922
H. E. Hasey,	Term expires 1923
Louise D. Sawyer	Term expires 1924

Superintendent of Schools

W. G. Hoyt

Office Hours: 8 a. m.--5 p. m., daily except Saturday.

9 a. m.--12 a. m., Saturday.

Regular Meeting of Committee

First Tuesday in each month at 7.30 p. m.

Annual Meeting of Committee

First Tuesday in April

School Calendar 1921—1922

Fall Term began Monday, September 12th, 1921.

Fall Term ended Friday, December 14th, 1921.

Winter Term began Monday, January 2nd, 1922.

Winter Term ends Friday, March 24th, 1922.

Spring Term begins Monday, April 3rd, 1922.

Spring Term ends Friday, June 9th, 1922.

Holidays Allowed

Armistice Day	Nov. 11, 1921
Thanksgiving Recess	November 24-25, 1921
Christmas Recess	Dec. 14, 1921—Jan. 2, 1922
Spring Recess	March 25—April 3rd, 1922
Patriot's Day	April 19, 1922
Memorial Day	May 30, 1922
Summer Vacation	June 9, 1922

To the Board of Education:

In submitting my third annual report of the Ashland Public Schools, I wish to present to you first of all the most serious school problem of the ensuing year, namely, the school finances for the year 1922-1923. The Budget Committee, as in years past, has met and drawn up two sets of recommendations for your consideration on March 27th. These two budgets stand for different things and, therefore, merit serious consideration before either is rejected or accepted. The merits of there two propositions can be better considered if both budgets are before us. Therefore, you will find these figures below:-

	First Budget	Sec. Budget
Common Schools	17817.91	14000.00
High School	6952.45	6300.00
Text Books	800.00	800.00
Repairs	3000.00	2000.00
Appliance	2725.00	2600.00
Domestic Science	600.00	310.00
Physical Training	500.00	225.00
Miscellaneous Account	150.00	150.00
	<hr/>	<hr/>
	\$32545.36	\$26385.00

The above figures need some explanation. The

recommendation of the first budget would enable the Board of Education to maintain the schools along the same general lines as formerly. School would open the middle of September and continue until the early part of June, with vacations at Christmas and Easter. However, in order to effect the saving called for in the second budget, it would be necessary to open the schools the first of August and close the first term December 15th. Then in order to save the money ordinarily expended for fuel and conveyance, school would not reopen until March 6th, closing about the 16th of June.

In the case of repairs the Worster building needs a new floor; the Frenchville buildings need new chimneys, and most of the buildings are badly in need of paint. The last Legislature passed a law compelling towns to remodel all school out buildings by September 1st, 1924. This work should be started during the next summer, so that the changes could be made in three years without adding relatively heavy appropriations in any one or two years. If \$3000.00 is allowed for this purpose next year this work could be started, but if the smaller amount, \$2000.00 is granted none of this work could be done.

Several of the buildings need new desks. The equipment of many school rooms is a disgrace to the town. The school officials would like to remedy this condition, but cannot unless the \$2725.00 asked for in the appliance account is granted.

This briefly reviews the essential differences between the two budgets. It is only fair that the citizens of the town and not the Board of Education should bear the responsibility of whether the schools improve present conditions or simply mark time. Think well before you cast your vote in March meet-

ing, as that vote will decide the school policy for the ensuing year.

BALANCE OF SCHOOL ACCOUNTS

	Unexp. Bal.	Overdraft
Common Schools	\$697.83	
High School		352.45
Text Book	8.70	
Repairs		1022.14
Appliance		174.91
School Lots	46.35	
Domestic Science	41.86	
Special Equalization	6.41	
H. S. Maintenance	200.00	
	<hr/>	<hr/>
	\$1001.14	\$1549.50
Net Overdraft	\$548.36	

The Overdraft in the High School account was caused by a mistake in the State Dept., at Augusta, in vouchering a check for \$500.00 in the aid of High Schools. This check has not been received since the town books were closed. There is also due from surrounding towns \$117.00 for tuition which could not be collected in time for this year's report. These two amounts had they been received would have given a net balance of \$368.64.

In the case of the overdraft in the repair account the recommendation of the Board of Education was cut by the Budget Committee last year, with the understanding that the school officials might overdraw if it was found to be absolutely necessary. This proved to be the case, for much work had to be done that we were hoping might wait until another year.

When we take into consideration that our allowances of State money was cut \$1500.00 we believe that our accounts are in good standing.

IN GENERAL

I am glad to commend the work of all departments. There has been good progress made and all teachers have willingly cooperated to make the work of the school efficient. The tables submitted at the end of this report will show the gains in attendance and increase in average attendance. This is an improvement along the right line. Teachers, and in a large measure, pupils are working together to make an even better result that is here tabulated. The town is to be congratulated upon this record and the citizens should uphold and support the teachers that have made this improvement possible.

School is business. Employing a teacher is a business proposition. The tax payer gets what he is willing to pay for. Even though prices in general are decreasing, the need of the best training for your child is not diminished.

Teachers salaries have always been too low to command the type of teacher the average parent in the community wants for his child. Notwithstanding all this, the tax payer must be shown the need to continue his wise investment in the school. He must be shown the value of making the necessary sacrifice to keep the school up to standard. With present business conditions the tax payer is naturally discouraged. He has cut down expenses somewhere. Where shall he apply the knife? Clearly, where he, himself, will suffer the least injury. Consider then the dollar and cents value of your schools. Consider the expense involved in training a teacher to satisfactorily teach in your schools. Then, in addition to this, remember that according to latest figures, there are 560,000 teachers in America below standard training, and that

only 25,000 teachers are trained annually to meet a need of 100,000. Therefore to lower teachers' salaries may mean that your child will be taught by an untrained teacher. Add to this fact that there is at the present time a shortage of 18,000 rural teachers and that over 150,000 of those now in service are merely high school graduates without professional training, and the average tax payer will see that the lower the salaries, the poorer the quality of teacher he can secure for his child.

The recommendations for the ensuing year are found at the beginning of this report.

In conclusion, I wish to acknowledge the hearty co-operation of teachers, members of the Board of Education and parents and citizens. Let us meet our present day school problem thoughtfully. May our vote on March 27th enable our schools to go forward in their work and increase their efficiency.

Respectfully submitted,

W. G. HOYT,

Superintendent of Schools.

Warrant For Town Meeting

TO HARRY YOUNG Constable in the Town of Ashland, in the County of Aroostook, State of Maine, Greeting.—

In the name of the State of Maine you are requested to notify and warn the inhabitants of said Town of Ashland qualified by law to vote in town affairs, to assemble at Ashland Opera House, in said town, on Monday, the 27th day of March, A. D. 1922, at 9:00 o'clock in the forenoon, to act upon the following articles, to wit:—

Article 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose a Town Clerk for the ensuing year.

Art. 3. To see if the town will vote to accept report.

Art. 4. To choose a Board of Selectmen, Assessors, Overseers of the Poor, Town Treasurer, 1 member of the Superintending School Committee, for 3 years, and all other necessary Town Officers.

Art. 5. To see what per cent. the Town will vote to pay for collecting taxes for the ensuing year.

Art. 6. To see what sum of money the Town will grant and raise for the Town Officers' salaries for the ensuing year.

Art. 7. To see if the Town will vote to change the school year as recommended by the Budget Committee.

Art. 8. To see what sum of money the Town will

grant and raise for the support of common schools for the ensuing year.

Art. 9. To see what sum of money the Town will grant and raise for the support of High School for the ensuing year.

Art. 10. To see what sum of money the Town will grant and raise for schoolhouse repairs for the ensuing year.

Art. 11. To see what sum of money the Town will grant and raise for text books the ensuing year.

Art. 12. To see what sum of money the Town will grant and raise to be expended for insurance on school property, and for apparatus and appliances for the ensuing year.

Art. 13. To see what sum of money the Town will grant and raise for Domestic Science for the ensuing year.

Art. 14. To see what sum of money the Town will grant and raise for Physical Education for the ensuing year.

Art. 15. To see what sum of money the town will grant and raise for a School Miscellaneous account for the ensuing year.

Art. 16. To see if the Town will vote to have to a well drilled on the school lot at Sheridan village.

Art. 17. To see what sum of money the Town will grant and raise for miscellaneous account for the ensuing year.

Art. 18. To see what sum of money the Town will grant and raise for the support of poor for the ensuing year.

Art. 19. To see what sum of money the Town will grant and raise for sidewalks for the ensuing year.

Art. 20. To see what sum of money the Town will grant and raise for roads and bridges for the ensuing year.

Art. 21. To see what sum of money the Town will grant and raise for snow roads for the ensuing year.

Art. 22. To see if the Town will vote yes or no on the question of appropriating and raising money necessary to entitle the Town to State Aid as provided by Section 20, Chapter 130, of the Public Laws of 1913.

Art. 23. To see if the Town will appropriate and raise the sum of \$600.00 in addition to the amount regularly raised and appropriated for the care of Ways, Highways and Bridges, to be expended as provided under Section 19, Chapter 130, of the Public Laws of 1913.

Art. 24. To see if the Town will grant and raise a sum of money for maintenance of State and State Aid Highways, within the limits of Town, for the ensuing year under the provisions of Sections 9 and 18 of Chapter 130, of the Public Laws of 1913.

Art. 25. To see what sum of money the Town will grant and raise for commissions and abatements for the ensuing year.

Art. 26. To see what sum of money the Town will grant to pay for the services of a librarian for the ensuing year.

Art. 27. To see what sum of money the Town will grant and raise for payment of interest for the ensuing year.

Art. 28. To see if the Town will grant and raise a sum of money equal to five cents per capita of the inhabitants to be expended by the Board of Health for the suppression and prevention of tuberculosis.

Art. 29. To see what sum of money the Town will grant and raise for maintenance and expense of fire department for the ensuing year.

Art. 30. To see what sum of money the Town will

grant and raise to pay on Big and Little Machias Bridge debts.

Art. 31. To see what sum of money the Town will grant and raise for lighting streets and Aroostook Bridge for the ensuing year.

Art. 32. To see what sum of money the Town will raise for Memorial Day.

Art. 33. To see what sum of money the Town will grant and raise to pay for repairs and purchase of land for the Cemetery

Art. 34. To see what sum of money the Town will grant and raise for the sinking fund.

Art. 35. To see if the Town will vote to charge interest at the rate of 1 per cent on all taxes not paid in full before November 1st, 2 per cent before December 1st, and 1 per cent additional per month thereafter.

Art. 36. To see if the Town will vote to authorize the Selectmen to make a temporary loan up to \$5,000 to take care of orders until new assessment is committed.

Art. 37. To see if the Town, for the purpose of paying outstanding orders and notes, will vote to raise a sum of money not exceeding \$25,000, and how the same shall be raised; and see if the Town for the aforesaid purpose will vote to issue bonds of the Town to amount not exceeding \$25,000, bearing interest at the rate of not exceeding 5 per cent, per annum; and whether the Town will authorize the selectmen to fix the date, amount, form denominations, rate of interest and maturity of such bonds, and in behalf of the town to execute and negotiate the same.

Art. 38. To see if the Town will accept a road, as laid out by the Selectmen Sept. 24, 1921, around the so called Walker Hill, beginning 5 rods west of Gardner Brook, running 32 rods across Carry Ellis' land, 18 rods

across E. G. Hews' land; thence connecting at the top of the hill.

✓ Art. 39. To see if the Town will vote to buy a road tractor and road machine for summer road work.

Art. 40. To transact any other business that may legally come before the meeting.

The Selectmen hereby give notice that they will be in session at their office in said Town on the 23rd, 24th and 25th days of March, 1922, at 10 o'clock in the forenoon, for the purpose of correcting the list of voters.

Given under our hands this 13th day of March, A. D. 1922.
